CATTLE FOOD—INCREASE IN PRICE

259. **Mr. M. K. Raja** *(Mulakunnathukavu):* Will Government be pleased to say.—

(a) whether they are aware of the acute scarcity and the abnormal rise in prices of all kinds of cattle food in the State;

(b) whether they consider that the situation calls for measures to control the prices of these materials and to make them available in sufficient quantities to the agriculturists?

Mr. C. R. Iyyunni *(Minister for Revenue):*

(a) There is scarcity and rise in prices for many kinds of cattle food. The conditions vary according to the locality.

(b) The rise in prices is not very abnormal when the rise in prices of some other articles is considered. The price of straw which is a major item of cattle food, is already controlled. The prices of rice bran and cocoanut cake are also controlled. A situation has not yet arisen which requires complete control over the prices and distribution of all cattle food. Experimental measures to combat the scarcity are being taken in urban areas where the scarcity for cattle food is more telling than in rural parts.

APPENDIX III

(Please see answer to Question No. 274)

Pisciculture.—(*a*) 1. At Narakkal, Government have proposed to open a fish farm of 2·90 acres for experiments in the application of chemicals for fish culture. The work of the farm is now over. Fertilizer is tried from Vrischigam 1122 onwards. Results may be available by this time next year.

2. The existing fish farm at Narakkal is about 13·00 acres. This farm will be extended to the south by an addition of 17·04½ acress of which 10·55½ acres patta lands and 6·49 acres poramboke. Provision for acquisition of patta land has been sanctioned in the budget for 1122.

3. A small farm measuring 2·03½ acres in extent has also seen proposed to be opened in the area to the east of the farm for experiments in fertilizer referred to as item No. 1 above so called.

4. The cattle grazing ground measuring 27·00 acres is being converted into a fish farm. Work costing Rs. 6,000 is now being done here. A laterite bund for this farm in the east at a cost of Rs. 4,000 has been proposed for sanction out of the allotment for pisciculture for this year. This farm is partly in Nayarambalam and partly in Narakkal.

(*b*) *Fish curing*,—A new yard has been sanctioned at a cost of Rs. 9,076 in Nayarambalam. Steps are being taken to acquire land for yard site and to construct a building for office.

(*b*) 2. Sanitary fish curing sheds for a few curers will be constructed at Narakkal and if possible at Nayarambalam also in 1122.

(*c*) *Deep Sea fishing*.—The scheme now adopted by the department for deep sea fishing is to recruit competent fishermen on monthly pay and provide them with hook and line and harpoons for deep sea fishing for sharks and drift net for other big varieties including sharks. Narakkal is the centre from where the deep sea fishing operations are directed. There are altogether 20 men now employed by the department for fishing. Of these 8 are from Narakkal and 12 from Elamgunnapuzha and Malipuram.

(*d*) *Socio Economic works*.—There is already a Fish Marketing Co-operative Society for the Araya fishermen of Narakkal. It is providing cheap credit facilities to needy fishermen. Now yarn distribution to the members and even outside is done through this Society. The
